

NAD IPD 2 Dock for iPod

Made for iPod means that an electronic accessory has been designed to connect specifically to iPod and has been certified by the developer to meet Apple performance standards.

Works with iPhone means that an electronic accessory has been designed to connect specifically to iPhone and has been certified by the developer to meet Apple performance standards.

- Analog Audio and S-Video connection from your iPod to any AV Receiver or Amplifier.
- Control and Display of iPod media on NAD models with DATA PORT.
- For compatibility see icons on side of box.
- Line Level audio output for better quality audio.
- Automatic charging for the iPod.
- Stand-alone control of iPod with supplied remote control

Installation of IPD 2 Dock for iPod

Interchangeable Plugs

Universal Switching Adaptor

Use DOCK ADAPTER appropriate to iPod model.

Note: Direct control and navigation of iPod player is possible when the iPod Dock's DATA PORT is linked to NAD models with a matching DATA PORT. Please refer to the iPod section of the NAD owner's manual. Alternatively, you can use either the remote control supplied with the dock or the iPod player's click wheel to control the iPod. Browsing song titles on the OSD is only possible on select units with a DATA PORT.
