DENON

“Mobile Elite” In-Ear Headphones with 3-Button Remote + Mic

The AH-C560R in-ear headphone has a 3-button remote controller and mic that not only let you control music functions for your iPhone such as Play/Pause, Forward, Rewind, or volume, but you can also use them to answer an incoming call or end the call. This model further features several Denon technologies designed for high sound quality, including the Acoustic Optimizer for superior acoustic effects, Hybrid Metal Housing made of an aluminum alloy and resin material to absorb vibration and preserve sound quality, and a Radial Cascade Damper to reduce vibration noise transmitted through the cable. For optimum wearing comfort, the AH-C560R is ergonomically shaped to fit snugly into your ears and reduce stress, and the supplied earpieces, made of a gentle material with low rebound resilience, let you simply concentrate on the music, even over long hours.

Features

New features

• 3-button Remote + Mic

This convenient remote controller lets you...

- adjust volume with the + and - buttons,
- use the center button to operate the various music and video controls (Play / Pause / Forward / Rewind),
- record voice memos (only on iPods that support voice memos)

• Radial Cascade Damper reduces cable transmitted vibration noise

• Hybrid Metal Housing (machined aluminum alloy + resin material), to suppress vibration and give you clear sound

• Featuring Comply™ Foam Tips

- Acoustic Optimiser achieves optimum acoustic characteristics by adjusting the sound pressure balance in front of and behind the diaphragm
- Ergonomic design, for a snug fit in the ear and comfortable wearing
- Dynamic sound from 11.5 mm Neodymium magnet drive units
- Canal-type in-ear headphone reduces external noise and lets listeners enjoy the music
- Cables of equal length for left and right channels, to maximise sound quality
- 1.3 m OFC cable
- Comes with cable clip to keep the cable from tangling or fluttering in the wind
- Branch point adjustment function with slider, to take up slack in cables between the branch point and ear pieces
- Gold-plated stereo mini-jack
- Convenient carrying case
- Comes with 3 sizes of ear pieces, to let user select the best size for their ears
