flow

Much more than a radio

EcoPlus

The first truly 'connected' portable radio, the multi-award winning EVOKE Flow integrates DAB and FM radio, internet content (thousands of stations, podcasts, 'listen again' programmes and PURE Sounds) and music streamed from your computer. Whether it's worldwide news & sports, music, entertainment or education, by location or genre, EVOKE Flow makes it easy to find something good to listen to.

With DAB and FM, you can listen anywhere, even without Wi-Fi. Add a ChargePAK® rechargeable battery pack for the ultimate portability and if you're out and about with no music to stream, just connect your iPod or MP3 player to EVOKE Flow's line-in connector.

Good looking and easy to use EVOKE Flow has a large graphical OLED display, touch sensitive controls, 30 DAB and 10 FM presets, and unlimited internet favourites via its companion website www.thelounge.com.

Also great for the bedside, EVOKE Flow features a DAB, FM or tone alarm and touch-sensitive SnoozeHandle®.

Wi-Fi, DAB and FM with RDS

Add new features as they become available via Wi-Fi (or USB)

Connect an iPod/MP3 player or portable CD

Optional ChargePAK® gives up to 15 hours portable DAB listening

Backlit touch-sensitive controls

EVOKE Flow - much more than a radio

Internet radio

Enjoy a world of global, national and local radio

What are you passionate about? Algerian Rai? Zairean Soukous? Gaelic football results? The New York Knicks' scores? Current events in Poland? News from India? Tune-in to stations all over the globe and discover a world of content, some familiar and some brand new. Wherever you are and whatever you like, we've got it covered.

Listen again†

Hear your favourite shows when you want them

Missed an episode of your favourite radio programme? Imagine catching up with your favourite shows in the kitchen, the lounge, the garage, or anywhere you're in range of your wireless network. And there's absolutely no need for a PC! Radio on demand has never been this easy.

Podcasts

Discover thousands of programmes available anytime

Listen to highlights of your favourite breakfast show, study a foreign language in ten episodes, listen to DIY tips, or play a bedtime story for the kids. There's an amazing variety of content and thousands of podcasts to discover. No PC or iPod required!

† Available from radio stations that have an online listen again/archive service, including most BBC stations.

Get connected

www.thelounge.com

Visit the PURE Lounge to listen online, view recommended content and save your favourite stations, programmes, podcasts or unique PURE sounds.

Powerful and simple to use search facilities will help you to find the content you want. Simply enter any combination of name, language, country, genre or quality and you'll be sure to find something worth listening to. You can also find out what's new and get recommendations for things you might like to listen to.

Using your EVOKE Flow with the Lounge makes connected listening personal, enabling you to tailor your own unique, easy access listening profile from the vast array of internet content.

DAB and FM

Listen wherever DAB or FM are broadcast

The Flow range are fully-featured DAB and FM radios, so you can listen to DAB or FM radio without a Wi-Fi connection. DAB is easy and convenient to use, has more stations and digital-clarity; FM with RDS is great for local stations and areas with reduced DAB coverage.

Media streaming

Listen anywhere to all the music stored on your PC

Break free from the computer and listen to your entire digital music collection wirelessly. If you've got a computer or network storage device connected to your Wi-Fi network you can stream music from it direct to your Flow. And just like on your computer you can browse through albums and playlists, pause and seek within tracks.

PURE sounds

Sounds to stimulate, inspire and relax

Create an atmosphere to match your mood with a library of evocative sounds. From birdsong and a mother's heartbeat to cityscapes and rolling thunder, tune into PURE sounds to stimulate your imagination, help you concentrate or just find a space to relax.

Features

Wi-Fi, DAB and FM with RDS.

Add new features as they become available via Wi-Fi (or USB).
