Mezzo 2 Stand mount Speaker

Building on the design innovations and successes of its flagship Performance range, Mordaunt Short is proud to bring Mezzo to the market. Belying its compact size, the Mezzo 2 stand mount speaker produces a remarkably expansive sound and integrates seamlessly into any environment.

Mezzo uses the acclaimed ATT: Aspirated Tweeter technology, to deliver levels of clarity and details that put its rivals to shame. Coupled with the Continuous Profile Cone aluminium bass driver, and mounted inside a structurally braced curved cabinet, the Mezzo 2 capably combines ground breaking technological developments, with Mordaunt Short's 40 years of loudspeaker expertise
