

A NEW LEVEL OF STYLE
SOUNDWARE S
HOME THEATER SPEAKERS

Designed for surround sound

The SoundWare S compact 5.1 speaker package brings a new level of style and substance to fulfill the increasing demand for high quality audio solutions with outstanding design.

The speaker system provides rich, room-filling surround sound, while complementing virtually any décor in a stylish yet subtle manner.

SoundWare S

A NEW LEVEL OF STYLE

SOUNDWARE S

HOME THEATER SPEAKERS

The system's five ultra-compact, high gloss SoundWare S satellites are real two-way speakers, each features a high-performance 3½-inch (89 mm) woofer and a 3/4-inch (19 mm) tweeter. The contoured-rectangle subwoofer features a 200-watt (300 watts peak) amplifier and 10-inch (254 mm) DCD driver. Wall brackets are included for easy installation of all five satellite speakers. To create a complete home theater system, use the SoundWare S Home Theater Speakers with an AV receiver, Blu-ray™ or DVD Player, and your TV.

Key Features

- Unique SoundWare shape allows for maximum placement flexibility
- Durable high-gloss finish for a modern look
- 200-watt 10" subwoofer delivers powerful, room-filling bass
- Easy-guide wire channels for fast hook-up
- Graphite injected polymer woofer utilizes Deep Channel® Design (DCD) for more bass from less amplifier power
- BassTrac® circuitry for tight, distortion-free bass at all output levels
- 200-watt (300 watts peak) amplifier for powerful low frequency reproduction
- Acoustically tuned port for improved bass output

SoundWare S

Small speakers provide big, high performance sound

BassTrac® circuitry for deep, powerful bass without distortion

Included wall brackets can be positioned at almost any angle
