

Pro-Ject DAC Box FL

Digital/analog converter without oversampling and digital filter

Good sound from sound technology

- Metal case shields the electronics from vibrational and electromagnetic interference
- D/A converter without oversampling and digital filter
- Sampling rates: 32kHz, 44,1kHz, 48kHz and 96kHz
- Gold plated RCA connection sockets
- Outboard power supply included

Features

- Coaxial and optical digital input

Technical specifications

Line-level output:	1 pair RCA/Phono sockets
Output voltage:	1,9Vrms
Digital outputs:	1 x coaxial (S/PDIF) 1 x optical (TOSlink®)
D/A converter:	Philips TDA 1543 16Bit/44,1kHz (4 converter in parallel mode) without oversampling and digital filter
Sampling rates:	32kHz, 44,1kHz, 48kHz and 96kHz
Dimensions W x H x D (D with sockets):	103 x 36 x 103 (109)mm
Weight:	560g

The manufacturer reserves the right to alter the technical specifications without notice.

Available in silver or black finish
