Power Adaptor Setup

Docking your iPod

The docking adaptor is supplied with your iPod. It is important to fit the correct docking adaptor for your particular model of iPod. Failure to do so may result in damage to the irDock connector.

Spare docking adaptors are available from Apple.

Charging

Ⓒ charging on	red	charging off	blue
Ⓕ chargement en cours	rouge	chargement terminé	bleu
Ⓓ Ladevorgang ein	rot	Ladevorgang aus	blau
Ⓔ laden aan	rood	laden uit	blauw

Standalone operation

Connections for any amplifier

Remote control (CR1)

The supplied remote control can be used to control your iPod when the irDock is not connected to a supported Arcam product. If you are using the irDock with a supported Arcam product, use the Arcam system remote instead.

Please remove the plastic tab to connect the supplied batteries before use.

-  Turn the dock on/off.
-  Go to previous menu (Albums, Artists, Playlists etc.)
-  Mute the volume.
-  Increase or
-  decrease the volume.
-  Select music by playlist, artist etc.
-  Activate repeat and
-  shuffle playback modes.
-  Activate/deactivate iPod charging.
-  Start or pause playback.
-  Jump to the next track, track start or previous track in the current selection.
-
