

SYNTHESIS[®]
ART IN MUSIC

Shine

Presentation

Shine 40W Integrated Stereo Tube Amplifier

SHINE

The aim of Synthesis was to construct a system that would recreate for the customer the most realistic sonic reproduction.

It is in this reproduction that music is loved, be it rock or classical, blues or jazz. This ability follows for either Audio or for Home Cinema.

We want to create a reproduction that is more realistic than just a recording, but to capture the essence of the musical event, and the emotional pleasure that it implies.

Conceived, designed and built by Synthesis, Shinel is our latest Integrated tube amplifier concept developed for everyone with a passion for listening and living with the ultimate in audio and video entertainment.

Technical specifications:

Power stage:	5881-6L6WGC	Power consumption:	310W Max
Driver:	12BH7	Finish:	Synthesis red laquer piano black laquer
Input stage:	12AX7-ECC83	Dimensions: (w,d,h)	320x220x120mm
Controls:	Front: <i>Infrared receiver, input switch selector, volume, balance.</i> Rear: <i>Power button, male power sck, RCA gold plated conncectors, power connectors protection fuses.</i>	Weight:	12.0 Kg
Inputs:	Cd player, Tuner, Video, AUX1, AUX2.	Remote control:	
Outputs:	Tape out	Transmitt:	Infrared RC5 code
Power output:	40W RMS/8 ohm	Function	Mute,Volume.
Signal/Noise ratio:	>90dB, A weighted	Battery	3 X 1,5V AAA
Line Power:	100, 120, 230, 250 Vac 50/60 Hz	Power consumption:	20mW Max
		Finish:	Synthesis red laquer, piano black laquer
		Dimensions: (w,d,h)	65x170x25mm
		Weight:	230 gr. (included battery)

Trademarks are the property of their respective owner. Synthesis reserves the right to amend product specification in any time.
